

## London City Mission

### “The final letter”

In 5 days time my time working for London City Mission will come to an end. It has been a thought provoking and challenging year where I've developed skills and met interesting people. I thank you all for your prayers and other support that you have gifted me with over the last year. Please continue to pray for my future and that I will be constantly seeking the will of God.

### Kids Club

The kids club has taught me a lot of patience. Even when they are been chaotic I still enjoy hanging out with them. Pray for their lives and that their time in the club will impact their future in some way.

### Youth Club

I've loved having the opportunity to spend time with the youth club. They have been easy to get on with and I have connected with some of them on a deep level. Pray that they will continue to enjoy the club and that they will find it a safe place to be open and honest.

Art

### Platform

The Art Exhibition happened on the 2<sup>nd</sup> July and seemed to go ok. We met some new people through it which is a blessing and had the chance to give some local artists confidence in their creative talents. Pray for Carol as she continues to lead the art platform and that she will have wisdom in the conversations with the people who come.

## **City of Peace**

I preached on the 4<sup>th</sup> July and it went well. I'm so grateful for the opportunity to explore that avenue and I can see that God has gifted me. Pray for Tom as he continues to lead the church, for patience and wisdom with the different types of people that are part of the church.

## **Other Prayer Points**

We had three fun days at a local park in preparation for the summer programme by the café where we met loads of people and lots of fun. Pray for the summer and that connections with the local community will be made.

Pray for the other CVs that are on the team, their futures and their decisions. We have a farewell service on Saturday where I will be speaking at so prayer for that would be grand.
