

## London City Mission

"The days are getting brighter"

It's now coming towards the end of February and I'm realising how privileged I am to be working amongst the people in London. I'm learning so much about myself and about God, may that continue. Thank you again for your prayers and for being interested in reading my prayer letters.

### Kids Club

Prayer for peace in the club, it's been a bit up and down recently with the behaviour so pray that the kids behave and that we leaders are patient. We had a trip with 12 kids during half-term to the cinema and then out for lunch. It was a really good day and God provided us with cheap cinema tickets and a free lunch.

### Youth Club

We've had a few new comers to the club recently which is great to see, and one of the guys says he is a Christian. Pray that we'll be able to connect with him and encourage him. Also pray that he'll be a good influence on the other guys. Continue to pray that we'll be able to continue to build relationships up with the youth each week.

### Art Platform

Numbers haven't been high recently at the art platform so pray that people will be interested in coming along. Continue to pray for Steve who seems to really enjoy coming along for the art and also the chat. May he come to know God.

### City of Peace

Pray for Dawn who has been regularly attending the Sunday Service and a bible study group. Pray that she will take that step of faith and follow Jesus. I was preaching yesterday and it went really well so give thanks to God for giving me the words to speak and the confidence to do it with.

### Other Prayer Points

All of us on the gap year go on retreat for a week on Friday so pray it will be a week of rest, a week of learning and a week of re-focusing our eyes on God. Many of us are also turning our minds to after the year in London and to the question of what next? Prayer for guidance and wisdom would be great.
