

## London City Mission Happy new year all!

I'm back in London now after an amazing holiday. We had a prayer week 4<sup>th</sup> to the 8<sup>th</sup> January to start the New Year which helped me to focus on why I'm in London for the next 7 months. I ask for your prayers to continue over these months, thanks.

### **Kids Club**

Pray for inspiration to keep the kids excited about coming to the club and that they would listen to the bible message we share with them. Also prayer for peace between the boys as there can be fighting now and again.

### **Youth Club**

We start a new project with the guys this week which will be t shirt designing, pray that they'll be really interested in it. Also pray that the parents of the youth will continue to let the guys attend the club, especially Muslim parents.

### **Art Platform**

Continue to pray for Steve whose paintings we are exhibiting in the café, may that encourage him. Pray that the art platform will continue to be a place where people will feel relaxed and expressive and out of that may spiritual conversations occur.

### **City of Peace**

New faces continue to appear at the Sunday service however old faces are disappearing. Pray that all people coming to the service will feel at home. Also pray for wisdom for Tom as he decides what the next step is for the fellowship.

### **Christmas as Events**

The Christmas market went really well with an estimated 400 people checking it out. It rained during it so numbers were less than expected but those who did attend really enjoyed it. We saw people from all backgrounds attending it so there was a really community buzz about it. The carol service was also a huge success, apparently one of the best LCM have had. The steps at Trafalgar square were full and we also raised £600 for our homeless work at Webber Street. Thank you for your prayers for both events.

### **Other Prayer Points**

This year is going to be a busy one so pray God's guidance for me along with a continued passion for serving him.

*Grace and Peace,  
Paul*
